SOMETHING has evidently gone
wrong with President Cleveland's
plans. He sent Minister Willis to
Honolulu a few weeks ago to restore
Queen Liliuokalani to her throne.
Recent reports from Minister Willis
are to the effect that the provisional
government is still in tack, with no
prospect of Queen "Liliu" being re-
stored to power.

NEWSNOTES.

Mattie Brisco, of St. Joseph, ac-
cused one night last week her neigh-
bor, Stella Oldham, of paying too
much attention to her husband. A
fight followed, and the Oldham
woman had her throat fatally cut.
The parties are colored.

Two infants of tender age were
packed in an old valise and left at
the Relay depot in East St. Louis
one night last week. When they be-
gan to cry, the real contents of the
valise was discovered. It is thought
they are illegitimate children from
about Pinckneyville, Illinois.

Geronimo, the once powerful In-
dian chief of the West, who made a
great deal of trouble for the United
States army, is a quiet and peaceful
prisoner at Mount Vernon barracks,
an army post on the Alabama river a
short distance above Mobile.

Prof. David P. Todd, of Amherst
college, has begun preliminary ar-
rangement for an expedition to Ja-
pan in 1896 to view the next avail-
able total eclipse of the sun, which
will come on August 9th of that year.
The party is to be a large one.

Great Britain has now about one
half of all the cotton spindles. The
United States has only one-sixth and
these two countries show about the
same industry in the last ten years.

Hawaii is said to have a lovely
climate, and people die easier there
than anywhere else on the globe,
and everything is so soothing and
charming that people simply and
readily get too lazy to live. Still
there are some diseases and you can
have your choice of leprosy, small
pox, measles and affections of the
heart, all of which are very fatal in
the land of Queen Liliu.

Mrs. Wilson A. Hammond, of Mexi-
co, Mo., would be glad to hear from
any survivor of General Doniphan's
command who knew her husband,
Wilson A. Hammond, as a teamster
in that expedition. He was also
employed as a courier by General
Doniphan and carried dispatches to
Fort Leavenworth.

According to facts which have be-
come matters of common knowledge
in Chicago in recent hours, the steel
rail, structural iron and armorplate
output of the United States is now
practically in the hands of the most
gigantic trust ever organized.

The Central News, from Paris,
France, says that M. Peytral, minis-
ter of finance; M. Develle, minister of
foreign affairs; M. Viette, minister
of public works; M. Vigor, minister
of agriculture, and M. Ternier, min-
ister of commerce, have resigned.

The new regulations as to the re-
gistration of Chinese under the ex-
tension of the Geary act, issued from
the treasury department last week,
provide that all Chinese laborers in
the United States must register be-
fore a collector of the internal reve-
nue before May 30th next or be sub-
ject to deportation.

The Democratic members of the
ways and means committee were in
consultation with Secretary Carlisle
at his residence in Washington last
week. The tariff is substantially
completed, but Chairman Wilson
prefers, before it is made public, that
the secretary of the treasury pass
judgment upon it and give it the
stamp of his approval.

George Klockson, the Fort Scott
merchant who disappeared two
months ago while he was on his way
to attend a meeting of the Kansas
grand lodge of the Knights of Hon-
or, of which he was grand treasurer
at Leavenworth, was found last
week in a hospital at San Francisco,
Cal.

The *Intelligencer* say that there
are only three prisoners in the Au-
drain county jail—Donnelly and Mc-
Kinney and a tramp named Wil-
liams, charged with burglary. It is
the first time during the term of of-
fice of the present sheriff that the
jail has not contained a colored
prisoner. It was never without a
white prisoner.

At Paris, Mo., Richard Batsell,
colored, attempted to whip his wife
one day last week but Uncle George
Troy interfered with an ax, when
Batsell drew a revolver and fired,
the ball striking Troy in the mouth.
The only damage done to Troy was
to knock out a few teeth. Troy is a
negro about 70 years of age. Bat-
sell made his escape.

The residence and house furniture
of W. H. Kingcade, who lived about

4 miles southeast of Mexico, were
destroyed by fire Sunday night of
last week. Mr. Kingcade had retir-
ed and was awakened by the roof
falling in. The fire is supposed to
have caught from a defective flue.

John Moore, aged 15 years, and
Wilson Frazier, aged 13 years, both
of Pike county, while shooting at a
mark one day last week with a tar-
get rifle, had their sport brought
suddenly to a perhaps fatal finish.
The gun in the hands of Moore was
accidentally discharged, the ball
penetrating the body of Young Fra-
zier to the left, burying itself in the
fleshy part of the back where it was
cut out.

One day last week as Ila Lake, jr.,
of Pike county, was digging gravel
in Buffalo creek, near Scott's Lick,
in that county, he upturned a spec-
imen of molar of a by-gone age that
would make the antiquarian's heart
jump for joy. It was a petrified jaw
tooth five inches long.

The dedication of the new First
Christian church, of Columbia, Mo.,
took place last Sunday morning,
services being conducted by the Rev.
F. M. Rain, assisted by Pastor J. S.
Shantz. An appeal was made for do-
nations to pay for the church in full
and was responded to by gifts
amounting to \$7,500, sufficient to
clear the church.

Down on a big willow bar in the
Missouri river, there is probably the
largest black bird roost to be found
in the state of Missouri. At this
place millions of the birds congre-
gate about sundown each evening to
spend the night. They come in
such swarms that the sky is fairly
clouded with them. They alight in
the willows with such a chattering
that the noise can be heard for a
considerable distance. In the morn-
ing the birds disperse with much
noise and flapping of wings. A shot
fired into the roost would produce
results sufficient for a "blackbird
pie" or two.—*Jefferson City Tribune*.

Judge Broadus, of Chillicothe, has
shown himself a friend of the printer
by laying down a rule in his court
that all fees for divorce publications
must be paid before divorce will be
granted. There are people who will
not pay the preacher when they are
married, nor the printer when the
knot is united.—*Liberty Tribune*.

J. R. A. Elliott, of Kansas City,
defeated Class, of Morristown, New
Jersey, Saturday of last week, in a
live bird shoot. On Friday these
men met and Class won, killing
ninety-nine birds to ninety-five by
Elliott. In the shoot Saturday the
day was not so favorable and the
score was ninety-two to eighty-nine
in favor of Elliott. Elliott will at-
tend a live bird shoot at Toronto
this week and next week will shoot
Class a 200 bird match for \$500 a
side.

The trial of Dave Hogan, colored,
and John Ellis, on the charge of
robbing and torturing the Regnier
brothers, was called in the Pike
county court, at Pittsfield, Ill., Wed-
nesday of last week. As a result the
notorious Hagan was sentenced for
life, and Ellis for 20 years of penal
servitude. They were taken to
Chester, Ill., on the Wabash train
later in the week. It will be remem-
bered that Ellis broke jail several
weeks ago and was afterwards cap-
tured in Hannibal. The two men
have doubtless received their just
deserts, and will now have plenty of
time to reflect over their wrong do-
ings.

When W. K. Vanderbilt, the great
railroad manager, boarded his yacht,
the *Valiant*, Thursday of last week,
to start on the long talked of trip
to India, he fell down the stairs and
sprained his wrist. The yacht is to
make its first stop at Gibraltar.
From there the run is to Malta and
Alexandria where the party stops to
make a trip up the Nile in a dabe-
bah. After that the yacht goes to
Bombay and then to Japan. The
trip is to last ten months.

It is feared that Willie Johnson, formerly
of Ellis, Pike county, Mo., is the party
whose dead body, together with his family,
were found in the Oklahoma country last
week. His friends had a letter from him a
few days ago stating that he and his family
would start on their return to Missouri in a
wagon and that is the last heard of them.

FRIDAY of last week a double fune-
ral took place at Boone Femme
church, Boone county. James Mad-
ison Lynes, born in St. Louis county
in 1809, died Thursday. His wife,
aged 75 years, died the day previous.
They had lived together in Boone
county as man and wife over sixty
years and were buried in one grave.

A. M. PULLMAN, who has been con-
fined in jail, at Ensenada, Lower Cal-
ifornia, about twelve months on a
charge of having kidnapped across to
the American side W. H. Whit-
man, who robbed the American Ex-
press company, at Springfield, Ill., is
reported by his attorney to be about
to commence suit against the Mexi-
can government for \$25,000 for
false imprisonment. Whitman, who
is now in the penitentiary at Joliet,
Ill., has made a statement that he
came across the line voluntarily.
The matter is the subject of much
international correspondence.

Dr. SIDNEY CONKRIGHT, who was
indicted for "body snatching" by a
Pettis county grand jury last week,
has furnished bond in the sum of
\$300 for his appearance at the next
term of the criminal court. The doc-
tor has not yet been placed under ar-
rest, but the bail bond was furnished
by his father, a retired physician and
representative of one of the oldest
and most influential families of Pet-
tis county. The young doctor is a
member of the Sedalia city board of
health and also one of the city
physicians.

She Was Too Lazy.

pills and cathartics till she was sal-
low and bilious as an opium eater.
Then she took a friends advice and
began using Parks' Tea. Now she is

JUDGE GROSSCUP, of the United
States circuit court, at Chicago, heard
argument in the motion for a new trial
in the case of the officers of the Guar-
antee Bond Investment company, of
St. Louis, convicted of using the
mails in the interest of a lottery
Monday. The post-office officials
do not expect that a new trial
would be granted. It is generally
believed that McDonald, as the pres-
ident and general manager of the
concern, will receive the extreme
penalty of the law—a fine of \$1,000
and imprisonment for one year.

I love a maiden fair to see
And best of all she loveth me
Our hearts both beat in unity
We owe it all to Parks' Herb Tea.
For she was sallow and I was red
And neither of us would ever have wed
Had it not been for her aunt who said:
Just take Parks' Tea when you go to bed.

THE famous Wile Howard murder
case, from Maries county, was called
up in the supreme court Tuesday
and passed on. The court affirmed
the judgment of the lower court,
and sentenced Howard to hang
December 29th. Howard murdered a
mute some three years ago for his
money, and made his escape to Cal-
ifornia. He was identified and
brought back, and will now suffer
the penalty he so richly deserves.

ONE night last week an unknown
person placed dynamite in the fur-
nace used by Pat Kelly, a tinner, at
Atlanta, Georgia, to heat soldering
irons. When Kelly lighted the fur-
nace the next morning and was using
the bellows on the fire there was a
tremendous explosion. Kelly was
hurled with great force against the
wall of the room. He will probably
die.
